

# <BRUNO NICOLÁS MARTÍN/>

## About me

Hello 😊, My name is Bruno and I work as a Front-end Programmer and UI Designer, currently living in Córdoba, Argentina. I am a native Spanish speaker and have an intermediate level in English (B2). Additionally, I am studying Computer Science at Universidad Nacional de Córdoba.

## Work experience

Linkchar	Sep.2022 - Apr.2025
----------	---------------------

Participating in various applications as a front-end developer, from initial conception to production deployment, and providing mentorship to my colleagues to help them improve their development skills.

## Projects

### Solar

<https://bruno-martin-solar.vercel.app/>

A roof selector where you can draw structures and connect them dynamically.

### Zapaz

<https://bruno-martin-beep.github.io/zapaz/>

A shoe editor, in which you can see the model in 360º and save the result.

## Skills

Current: Figma, Typescript, React, Next.js, Sass, Three.js.

Developing: PostgreSQL, MongoDB.
